Re: Notification of *Ex Parte* Communications
WT Docket Nos. 96-86, 06-150; PS Docket No. 06-229

Dear Ms. Dortch:

This letter is to report permitted, oral *ex parte* communications of Frontline Wireless, LLC (“Frontline”) and its counsel concerning the above-referenced proceedings.

Yesterday, Dr. Vanu Bose, President and CEO of Vanu, Inc. and a partner in Frontline, as well as Dr. Stagg Newman and the undersigned met with Elizabeth Andrion, Evan Kwerel and John Williams of the Office of Strategic Planning & Policy Analysis. Today, Drs. Bose and Newman, John Leibovitz, and the undersigned met with the following members of the Office of Engineering and Technology: Julius Knapp, Ron Chase, Rashmi Doshi, Ira Keltz, Ronald Repasi, Alan Stillwell and Hugh Van Tuyl. The Frontline representatives then met with James D. Schlichting and Cathy Massey of the Wireless Telecommunications Bureau, and, later, with Bruce L. Gottlieb and Connor Raso of the Office of Commissioner Michael J. Copps.

In each of these meetings, Dr. Bose explained how innovations in wireless technology enable the construction of a nationwide, broadband network that will provide interoperable public safety communications. The Frontline representatives also discussed the means by which the Commission can use the historic opportunity of the 700 MHz auction to bring new entry and innovation to the wireless marketplace. At certain of the meetings, the Commission participants were provided with copies of the proposed service rules filed by Frontline in the above-referenced proceedings on July 3, 2007.

Please direct any questions concerning this matter to the undersigned.

Sincerely,

Matthew S. DelNero
Counsel to Frontline Wireless, LLC
