

Rural Americans deserve the same quality wireless service enjoyed by metropolitan users. Please protect and expand the Universal Service Fund (USF) for wireless providers. Wireless telecommunications is critical to daily life. Capping the fund will shut the door on rural America. Less USF support for rural wireless networks will leave us with poor coverage, dropped calls and dangerous dead zones. The urban/rural technology gap will only widen.

Rural America deserves the same cell phone service as our big cities. I urge you to expand – not cap – the USF. Please don't leave us behind.

Thank you.
