Re: RM No. 11339 — Request by Globalstar, Inc. To Expand Its Ancillary Terrestrial Component (“ATC”) Authority To Encompass Its Full Assigned Spectrum; IB Docket No. 02-364 — Review of the Spectrum Sharing Plan among Non-Geostationary Orbit Mobile Satellite Service Systems in the 1.6/2.4 GHz Bands

Dear Ms. Dortch:

On July 25, 2007, James Monroe III, Chairman and Chief Executive Officer of Globalstar, Inc. (“Globalstar”) and William F. Adler, Globalstar’s Vice President – Legal and Regulatory Affairs, along with Bill Danvers, representing Globalstar, met with Commissioner Jonathan S. Adelstein and his Legal Advisor, Renée Roland Crittendon. William S. Beans, Jr., Chairman and CEO of Open Range Communications, Inc. (“Open Range”) and Joe D. Edge, counsel to Open Range, also were in attendance. Among other issues, Globalstar presented its views in the above-referenced proceedings, consistent with its prior filings with the Commission. In addition, Open Range described the potential to use MSS/ATC for affordable high speed broadband service in rural areas.

Pursuant to Sections 1.49(f) and 1.1206(b) of the Commission’s rules, a copy of this letter has been filed electronically.

Sincerely yours,

/s/ William T. Lake

William T. Lake
Counsel to Globalstar, Inc.
