9. Description (Summarize the nature of the application.)
(If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

Application seeking Commission consent for the transfer of control of American Cellular Corporation, which holds an international Section 214 authorization, from Dobson CC Limited Partnership to AT&T Inc.

10. In Attachment 1, please respond to paragraphs (c) and (d) of Section 63.18 with respect to the assignor/transferor and the assignee/transferee. Label your response "Answer to Question 10".

11. Does any entity, directly or indirectly, own at least ten (10) percent of the equity of the assignee/transferee as determined by successive multiplication in the manner specified in the note to Section 63.18(h) of the rules? ○ Yes ◉ No

If you answered "Yes" to this question, provide in Attachment 1, the name, address, citizenship, and principal businesses of each person or entity that directly or indirectly owns at least ten (10) percent of the equity of the assignee/transferee, and the percentage of equity owned by each of those persons or entities (to the nearest one percent). Label your response "Answer to Question 11."

12. Does the assignee/transferee have any interlocking directorates with a foreign carrier? ◉ Yes ○ No

If you answered "Yes" to this question, identify each interlocking officer/director in Attachment 1. (See Section 63.09(g).) Provide the name and position/title of the individual or entity, the name of the foreign carrier, and the country in which the foreign carrier is authorized to operate. Label your response: "Answer to Question 12."

13. Provide in Attachment 1 a narrative of the means by which the proposed assignment or transfer of control will take place. In circumstances of a substantial assignment or transfer of control pursuant to Section 63.24(e), where the assignor seeks authority to assign only a portion of its U.S. international assets and/or customer base, please specify whether the assignor requests authority to continue to operate under any or all of its international Section 214 File Nos. after consummation; and, if so, please specify in Attachment 1 each File No. it seeks to retain in its own name. Label your response "Answer to Question 13."

Note: The assignor may retain any or all of its international Section 214 File Nos. In that case, the assignor will continue to hold the international section 214 authorizations that it specifies in response to this question. The ITC–ASG File No. that the Commission assigns to this application will, when granted, constitute Commission authorization of the proposed assignment of assets and /or customers from the assignor to the assignee. Unless Commission grant of the assignment application specifies otherwise, the assignee may provide the same services on the same routes as permitted under the assignor's Section 214 authorization(s), and the assignee may provide such service to any customers it may obtain in the ordinary course of business.

If this filing is not a notification of a pro forma assignment or pro forma transfer of control, please respond to Questions 14–20 below. (See Section 63.24(d).) Otherwise, you may proceed to Question 22 below.

14. Check "Yes" below if the assignee is a foreign carrier or if, upon consummation of the proposed assignment or transfer of control, the Section 214 holder would be affiliated with a foreign carrier. (See Section 63.18 (i).) The terms "foreign carrier" and "affiliated" are defined in Section 63.09 (d) & (e) of the rules respectively.

(◉) Yes ( ) No

If you answered "Yes" to this question, please specify in Attachment 1 each foreign country in which the assignee is a foreign carrier or in which the Section 214 holder, upon consummation, would be affiliated with a foreign carrier. Label your response, "Answer to Question 14."

15. If this application is granted and the proposed assignment or transfer is consummated, would the Section 214 holder be authorized to provide service to any destination country for which any of the following statements is true? ◉ Yes ○ No

(1) The Section 214 holder is a foreign carrier in that country; or
(2) The Section 214 holder controls a foreign carrier in that country; or
(3) Any entity that owns more than 25 percent of the Section 214 holder, or that controls the Section 214 holder, controls a foreign carrier in that country.
(4) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than 25 percent of the Section 214 holder and are parties to, or the beneficiaries of, a contractual relation (e.g., a joint venture or market alliance) affecting the provision or marketing of international basic telecommunications services in the United States.

If you answered "Yes" to this question, please specify in Attachment 1 each foreign carrier and country for which any of the above statements would be true. Label your response, "Answer to Question 15."

16. If you answered "Yes" to question 14, do you request classification of the Section 214 holder as a "non-dominant" carrier, upon consummation of the proposed transaction, between the United States and any or all countries listed in response to Question 14? See Section 63.10 of the rules. ◉ Yes ○ No

If you answered "Yes" to this question, you must provide information in Attachment 1 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination country route where it would be a foreign carrier, or would be affiliated with a foreign carrier and for which you request non-dominant classification. Label your response, "Answer to Question 16."

17. If you answered "Yes" to question 14 and you have not provided information in response to Question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination route where it would be a foreign carrier, or be affiliated with a foreign carrier, check "Yes" below to certify that the assignee/transferee agrees to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in the provision of international service between the United States and any foreign country(ies) for which you have not provided the required information.

○ Yes, I certify that I agree to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in my provision of international service between the United States and the following foreign country(ies):

◉ No, Does not apply.

18. If you answered "Yes" to question 15, and if you have not provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules in its provision of service to each of the countries identified in response to question 15, the Section 214 holder may not be eligible to provide international telecommunications service between the U.S. and each such country following consummation of the assignment or transfer. In order to determine whether the public interest would be served by authorizing service on these U.S.-destination country routes, the assignee/transferee must provide information, in Attachment 1, to satisfy one of the showings specified in Section 63.18(k) of the rules. Label your response, "Answer to Question 18."

19. If the assignee, or the Section 214 holder that is the subject of this transfer of control application, is a provider of Commercial Mobile Radio Services, you need not answer this question.
If any of the Section 214 authorization(s) that would be assigned or transferred, authorize the Section 214 holder to resell the international switched services of an unaffiliated U.S. carrier for the purpose of providing international telecommunications services to a country listed in response to question 14, and unless you have provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non–dominant classification under Section 63.10(a)(3) of the rules for each country, check "Yes" below to certify that the assignee/transferee will file the quarterly traffic reports required by Section 43.61(c) of the rules; and/or state in Attachment 1 that the foreign carrier(s) for which the applicant has not made a showing under Section 63.10(c)(3) do(es) not collect settlement payments from U.S. international carriers. (See Section 63.18(l).)

○ Yes, I certify that I agree to comply with the quarterly traffic reporting requirements set forth in section 43.61(c) of the rules.

20. If the applicant desires streamlined processing pursuant to Section 63.12 of the rules, provide in Attachment 1 a statement of how the application qualifies for streamlined processing. (See Section 63.18(p).) Note that, if the application is being filed in connection with a sale of assets or reorganization of a carrier or its parent pursuant to the U.S. bankruptcy laws, the application may not be eligible for streamlined processing until final bankruptcy court approval of the proposed sale or reorganization.

Applicant certifies that its responses to questions 21 through 25 are true:

21. The assignee/transferee certifies that it has not agreed to accept special concessions directly or indirectly from a foreign carrier with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market and will not enter into any such agreements in the future.	◉ Yes ○ No

Answer to Question 15 - Section 63.18(j):

Pursuant to Section 63.18(j) of the Commission's rules, 47 C.F.R. § 63.18(j), AT&T certifies that it is not a foreign carrier but that it holds controlling interests in certain foreign carriers in destination countries where its subsidiaries provide international service. These carriers and the countries where they provide service are described above in the answer to Question 14.

Answer to Question 16 - Section 63.10:

Pursuant to Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10, Dobson, American Cellular and Dobson Cellular qualify for non-dominant classification on the routes between the United States and all the above-listed countries because the affiliates in these countries have no market power on the foreign end of any of these routes.[1] All of the above-listed affiliates have market shares under 50 percent in any relevant market on the foreign end of U.S. routes to these countries. Therefore, because all these companies lack 50 percent market share in the international transport and the local access markets in their respective foreign markets, and none is listed on the Commission's List of Foreign Telecommunications Carriers that Are Presumed to Possess Market Power in Foreign Telecommunications Markets, Dobson, American Cellular and Dobson Cellular are presumptively classified as non-dominant on these routes.

Answer to Question 18 - Section 63.18(k):

In accordance with Section 63.18(k)(1) of the Commission's rules, 47 C.F.R. § 63.18(k)(1), AT&T certifies that all of the countries listed in its response to Question 15 (therein referencing its response to Question 14) are WTO Member countries, with the exception of Russia.[2] AT&T certifies that its foreign carrier affiliate in Russia, AT&T Global Network Services, owns no facilities in that destination market, and therefore, lacks market power in Russia, satisfying the requirement of Section 63.18(k)(2).
