RE: Docket Number 07-16

Mrs. Secretary:

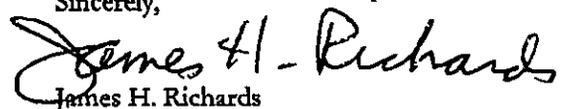

I am a sole practitioner of a law firm located in downtown Chicago. It would be pleasing to be able to manage costs a little better. In this respect, I would like to draw your attention to docket number 07-16.

Recently, the plans of MZZ Networks has come to my attention. MZZ Networks plans to offer fast, free wireless internet to 95% of the United States on a 10 year build out plan. I can only anticipate a society where everyone has access to the internet and is able to make use of the unlimited resources at no cost to the individual or the government.

I frequently send and receive large case files and although dial-up is cheaper, that isn't a practical option. Not to mention, the connection is mediocre at best. And that doesn't fare well when I am trying to download important or time-sensitive documents.

For these reasons, I ask that you rule in favor of docket number 07-16.

Sincerely,

James H. Richards
