COMMENTS OF WBOC, INC.

WBOC, Inc. submits these comments in response to the Commission’s commencement of the Third Periodic Review of the transition to digital television.¹ In Appendix D to the *NPRM*, the Commission has published a list of stations that it believes to be “ready, or very close to ready,” to make the transition.² The Commission has asked licensees with stations on the list to respond as to whether the stations are in fact already prepared for the transition. WBOC, Inc. is the licensee of one television station that the Commission identified on this list, WBOC-DT, Salisbury, Maryland (facility ID 71218). It submits these comments in order to affirm that WBOC-DT is already licensed at the facilities listed in the recently released DTV Table of Allotments.³

¹ See *Third Periodic Review of the Commission’s Rules and Policies Affecting the Conversion to Digital Television*, MB Docket No. 07-91, Notice of Proposed Rulemaking, FCC 07-70 (rel. May 18, 2007) (“*NPRM*”).

² See *NPRM* at n.42 (explaining that the Appendix “includes those stations whose post-transition channel is the same as their pre-transition DTV channel and that have constructed their full, authorized DTV facilities”) and at Appendix D.

³ See *Advanced Television Systems and Their Impact upon the Existing Television Broadcast Service*, Seventh Report and Order and Eighth Further Notice of Proposed Rulemaking, MB Dkt. No. 87-268, FCC 07-138 (“*DTV Table Order*”) (rel. Aug. 6, 2007).
