

Please FCC Don't Let Sirius And XM Merger. Heres My Feeling. Sirius has lost so much money providing there wonderful howard entertainment, which means they are loosing money and the only way to save Sirius is to buy XM and gain more subscribers. I have both Services and I can strongly say I will be canceling Sirius Soon because the music programming isn't very good, it sounds like FM just with out the commercials. And With There AI A Cart programming, Think about this, YOU WONT SAVE ANY MONEY!!! Lets say you pick your 50 channels for 6.99 a month and oh wait... I want howard.. YOUR Back up to 12.95+ Again! There wont be any savings with that and besides you have to buy a new radio! Current subscribers wont save any money and if we did it would only be about 2 bucks less a month, big deal. I love XM and dont want to see there programming disappear just because sirius needs help. Please No Merger, There should be 2 Satellite radio company's in America, we live in the ! United States Of America, We are free and we should be able to have choices in Satellite radio just as we do with terrestrial radio. Please No Merger!
