Dear Chairman Martin,

As a parent I have witnessed the value of the internet at many levels.

My 3 year old is able to aptly navigate the internet. And my older daughter already uses the web to support other school assignments.

Without home access to the internet they would be at an academic disadvantage.

It doesn't have to be this way. I urge you to support the M2Z Networks (www.m2znetworks.com) plan to put America back on the right track by providing 95% of America with access to a free, fast, and family-friendly wireless broadband Internet. It will make us safer. We will become more competitive. It will create equal opportunity. It will improve our great country.

Please support M2Z today.

Sincerely,

Matt Maloney
