Re: Unlicensed Operation in the TV Broadcast Bands, ET Docket No. 04-186

Dear Ms. Dortch:

On 31 August 2007, Craig Mundie of Microsoft Corp. had a telephone conversation with Chairman Martin regarding the TV white spaces proceeding.

During this call, Mr. Mundie discussed the need to establish rules for personal/portable devices that will protect incumbent operations while still providing sufficient flexibility to enable innovative white space applications. In addition, Mr. Mundie expressed support for the Commission concluding this proceeding in a timely manner, and reiterated Microsoft's commitment to provide the Commission with assistance it might require to resolve open questions and realize this goal.

Pursuant to the Commission's rules, a copy of this notice is being filed electronically in the above-referenced docket. If you require any additional information please contact the undersigned.

Sincerely yours,

/s/ Scott Blake Harris
