for transfer of control of Station KNKA455, *et al.*,	)	
licensed to American Cellular Corporation	)	

To: Secretary, Federal Communications Commission

Attn: Chief, Wireless Telecommunications Bureau

ERRATA TO PETITION TO CONDITION APPROVAL OR TO DENY

East Kentucky Network, LLC ("EKN") hereby corrects its "Petition To Condition Approval Or To Deny" ("Peitition") filed August 27, 2007 concerning the captioned applications:

1. On page 3 of the Petition it is stated: "EKN is a CDMA network operator but it does not have a license to serve any part of CMA450." That statement should have been qualified as follows: "EKN is a CDMA network operator but it does not have a **cellular or PCS** license to serve any part of CMA450." The need for qualification is due to the fact that EKN purchased, in FCC Auction No. 44, a 12 MHz license for CMA 450 in the Lower 700 MHz Band and continues to hold that license for station WPWV281. EKN's forthcoming reply pleading will respond to Applicants' comments concerning 700 MHz licenses in the "Joint Opposition of AT&T Inc. and

Dobson Communications Corporation to Petitions to Deny and Reply to Comments."
A similar correction is appropriate on pages 3-4 of the Petition where it was stated:
"Meanwhile EKN has not been able to secure licenses for CMA450 counties to
address the problem by its own CDMA build-out." Again, that statement should have
been qualified to refer to cellular and PCS licenses.

2. At Page 4, the Petition is corrected to indicate that the headquarters office of EKN is
located in Ivel, Kentucky, not Prestonsburg, Kentucky. Both Ivel and Prestonsburg
are located in Floyd County, Kentucky which is in CMA451.

Respectfully submitted,

EAST KENTUCKY NETWORK, LLC
