Re: RM No. 11339 — Request by Globalstar, Inc. To Expand its Ancillary Terrestrial Component (“ATC”) Authority To Encompass its Full Assigned Spectrum; IB Docket No. 02-364 — Review of the Spectrum Sharing Plan among Non-Geostationary Orbit Mobile Satellite Service Systems in the 1.6/2.4 GHz Bands

Dear Ms. Dortch:

On September 12, 2007, the undersigned, counsel to Globalstar, Inc. (“Globalstar”), met with Jim Schlichting, Sandra Danner, Brent Greenfield and T. David Hu of the Commission’s Wireless Telecommunications Bureau. Joe D. Edge, counsel to Open Range Communications, Inc., and Jon L. Christensen also were in attendance. Among other issues, we presented Globalstar’s views in the above-referenced proceedings, consistent with its prior filings with the Commission. In addition, we described the potential to use MSS/ATC for affordable, high speed broadband service in rural areas.

Pursuant to Sections 1.49(f) and 1.1206(b) of the Commission’s rules, a copy of this letter has been filed electronically.

Sincerely yours,

/s/ William T. Lake
