**Re: *Ex Parte, IP-Enabled Services,
E911 Requirements for IP-Enabled Service Providers;
WC Docket Nos. 04-36, 05-196***

Dear Ms. Dortch:

This is to inform you that, on September 13, 2007, Stephen Collins, Senior Director, Government and Regulatory Affairs - Global, and Christopher Libertelli, Senior Director, Government and Regulatory Affairs - North America, of Skype Communications, S.A.R.L. ("Skype"), and the undersigned met with Fred Campbell, Chief of the Wireless Telecommunications Bureau, and Jim Schlichting, John Branscome, Walter Strach, David Hu, Paul Murray, Brent Greenfield, Sandra Danner, Nese Guendelsberger, Jennifer Tomchin, and Jennifer Salhus, all of the Wireless Telecommunications Bureau. The purpose of the meeting was to discuss Skype's evolution as a multi-faceted Internet communications tool — including a bundle of services ranging from social networking, voice and video calling, web presence, instant messaging, and money transfer — that is not designed, marketed, or used as a replacement telephone service. We also discussed the ways in which Skype users utilize the software, confirming our view that Skype users do not view it as a replacement telephone service.

Please direct any questions regarding this matter to the undersigned.

Respectfully,

A handwritten signature in black ink that reads "T. Devendra Kumar". The signature is written in a cursive style with a prominent underline under the name "Kumar".

Devendra T. Kumar
Attorney for Skype Communications, S.A.R.L.
