To: Whom it may Concern

From: Jeff Kuck

RE: Federal Communication Commission
Notice of Proposed Rulemaking and Order

As the Chief of Police and Emergency Management Director for the City of Coleraine, our local fire department paging is done through the VHF paging system. The proposing of loosing the VHF paging system would be devastating to our town and response area.

The VHF paging system is a detrimental part of our community safety and the only way of getting our emergency personnel activated. I strongly oppose the proposed rule change, as this would greatly risk our citizens of Coleraine and surrounding response area.

If you have any questions please feel free to contact me by phone: 218.245.1056 ext 205, or by email: colerainepd@cji.net

Thank you,

Jeff Kuck
Coleraine PD
