Dear FCC:

I support the merger between the two satellite companies, XM and Sirius. I believe that the merger would be great for all concerned. Considering that "terrestrial" radio and satellite radio have to compete with online radio stations (which we never seem to hear ppl messing with), the internet, tv, ipods and so on. Please let this merger go through. It is the BEST of both worlds if it goes through!! Thank you, Jon Fox

Sincerely,

Jon Fox
