700 MHZ RELOCATION CERTIFICATION INFORMATION

THE STATE OF LOUISIANA

[Rex McDonald]

The following information is provided on the number of narrowband mobile and portable handsets and base stations serving these handsets that were in operation in the State of Louisiana as of August 30, 2007:

1) The total number of narrowband mobile and portable handsets in operation in channels 63 and 68 (764-767/794-797 MHz), and the upper 1 megahertz of channels 64 and 69 (775-776/805-806 MHz):

15,825

2) The areas of operation of the mobile and portable units (such as defined by the jurisdictional boundaries of the relevant public safety departments):

Statewide, State of Louisiana

3) The total number of narrowband base stations serving these handsets in operation:

438

4) The location, in latitude and longitude, of the identified base stations:

See attachment: Base stations latitude and longitude information

5) Contact information for each identified set of handsets and base stations as appropriate
