

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, DC 20554

In the Matter of)
,)
Advanced Television Systems and) **MB Docket No. 87-268**
Their Impact upon the Existing)
Television Broadcast Service)

To: The Commission

PETITION FOR RECONSIDERATION

1. Southern TV Corporation (“Southern”) hereby petitions for reconsideration of the Seventh Report and Order (“7th R&O”) in the above-captioned proceeding, FCC 07-138, released August 6, 2007, insofar as Appendix B thereof does not reflect the current digital authorized facilities of Station WGSA-DT, Facility ID 69446, Baxley, GA.

2. Appendix B lists the following facilities for WGSA:

Facility ID:	69446
State:	GA
Community:	Baxley
NTSC Channel:	34
DTV Channel:	35
ERP:	650 kW
HAAT:	454 m
Latitude:	32-03-35 N
Longitude:	81-20-43 W
Area:	36,037 sq. km.
Population:	827 thousand
Interference:	0

3. The above information reflects the facilities authorized under File No. BMPCDT-20010608AAE. However, that construction permit was superseded by File No. BMPCDT-20060717AAC. The superseding permit was not granted until March 5, 2007, after release of the Seventh Further Notice of Proposed Rule Making and after the comment deadline. However,

Southern has completed nearly all construction under the more recent modification and anticipates commencing operation under program test authority within the next couple of weeks.

4. The parameters under BMPCDT-20060717AAC are the same with respect to the DTV channel number but different with respect to ERP, HAAT, and geographic coordinates and are as follows:

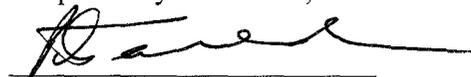

Facility ID:	69446
State:	GA
Community:	Baxley
NTSC Channel:	34
DTV Channel:	35
ERP:	1,000 kW
HAAT:	349 m
Latitude:	32-02-48 N
Longitude:	81-20-27 W
Area:	(not required on Form 301)
Population:	(not required on Form 301)
Interference:	(not required on Form 301)

5. In light of the fact that the parameters in BMPCDT-20060717AAC have been approved by the Commission by virtue of grant of that application, and these facilities have actually been constructed, Southern respectfully requests that the DTV Table of Allotments be modified to reflect the updated parameters.

Irwin, Campbell & Tannenwald, P.C.
