Re: WT Docket No. 02-55, ET Docket No. 00-258, and ET Docket No. 95-18
Ex parte

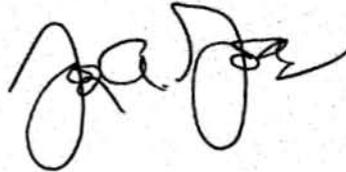

Dear Ms. Dortch:

On November 1, 2007, Doug Brandon, Vice President, Regulatory Affairs, TerreStar Networks Inc. (TerreStar) and Peter Corea, Senior Regulatory Counsel, New ICO Satellite Services G.P. (ICO), met with Renée Crittendon of Commissioner Adelstein's office concerning the "Joint Petition for Waiver of Sprint Nextel Corporation, the Association For Maximum Service Television, Inc. (MSTV), the National Association of Broadcasters (NAB), and the Society of Broadcast Engineers (SBE)" that was filed in the above-referenced dockets on September 4, 2007. TerreStar and ICO reiterated statements in previous filings in the above-referenced dockets, noting that a grant of the Joint Petition would delay initiation of service on 2 GHz mobile satellite service (MSS) systems.

TerreStar and ICO also discussed their efforts to devise a joint approach that would accommodate the requirements of the 2 GHz MSS licensees, Sprint Nextel, and the licensees of 2 GHz broadcast auxiliary service stations.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Godles". The signature is stylized and cursive.

Joseph A. Godles
Counsel to TerreStar Networks Inc.
