

Errata filing in regards to comments filed earlier this year in this proceeding:

At the record, as shown on the following web URL for my previous comments:

http://fjallfoss.fcc.gov/prod/ecfs/retrieve.cgi?native_or_pdf=pdf&id_document=6519529215

The citation of the rules from the Code of Federal Regulations is wrong in all instances in the filed comments retrievable at the URL shown above. Those citations read '47 CFR 73.921', when in fact, the citation should have read '47 CFR 76.921' in all instances,

47 CFR 73 has to do with over-the-air radio and television broadcasting, not cable and probably some other types of MVPDs, which all or at least parts of 47 CFR 76 covers. My comments in part had to do with 47 CFR 76.921 and its application in a particular instance as it related to broadband marketing by cable TV systems that offer cable TV, telephone, and broadband Internet services.

I request this errata filing be included as part of the final record under rules set forth in 47 CFR 1, so the record contains correct statements of fact regarding my citation of the FCC rules. This will ensure a correct and accurate record in this proceeding.
