

Dear FCC, Please pass the filing regarding, Exclusive Service Contracts for Provision of Video Services in Multiple Dwelling Units and Other Real Estate Developments - MB Docket 07-51. I live in an MDU in Houston, Texas in which Ygnition Networks currently holds an exclusivity contract with the property management company. This provider's service is very bad, and the internet speed is deplorable. Due to this contract, I can not even sign up for DSL service, and no other cable providers can enter the MDU. This is an unfair business practice that must be stopped!
