Re: *Notice of Ex Parte Presentation*
EB Docket No. 04-296

Dear Ms. Dortch:

On Wednesday, November 7, 2007, Loc Vo and Andy Lachance of Verizon Wireless attended a meeting called by FCC Public Safety and Homeland Security Bureau Staff to discuss delivery of emergency alert system messages to non-English speaking customers. The meeting was attended by the following FCC staff members: Tom Beers, Claudia Fox, Bonnie Gay, Eric Ehrenreich, and Todd Mitchell. At the meeting, Verizon Wireless presented its views that the issue of whether wireless alerts should include a capability of being delivered in alternate languages should be considered in the proceeding that the FCC will open to consider the recommendations of the Commercial Mobile Service Alert Advisory Committee.

Sincerely,

A handwritten signature in cursive script that reads "Andre J. Lachance".
