**Re: MB Docket No. 07-42**

Dear Ms. Dortch:

On November 14, 2007, Daniel L. Brenner, Diane B. Burstein, and Gregory L. Klein of the National Cable & Telecommunications Association (NCTA); and Steven N. Teplitz and Susan A. Mort of Time Warner Inc., and Gary R. Matz of Time Warner Cable Inc. met with the following Media Bureau staff: Monica Desai, Chief; John Norton, Deputy Division Chief; Tom Horan, Chief of Staff; and FCC Chief Economist Gregory Crawford.

During our meeting, we discussed issues raised in the written comments and reply comments of Time Warner and NCTA in the above-captioned proceeding. NCTA also discussed the need for the FCC to provide an opportunity for additional comment should the Commission propose to change the methodology for determining leased access rates.

Respectfully submitted,

**/s/ Daniel L. Brenner**
