Re: *WT Docket No. 01-309*  
*HAC Digital Wireless Telephones*

**Annual Report - 2007**

Dear Ms. Dortch:

The Filer, PVT Wireless Limited Partnership (“PVT”) is the licensee of Stations KNLF768 (C1-Block – Hobbs, New Mexico BTA), KNLF775 (C1-Block – Roswell, New Mexico BTA), KNLG212 and KNLH424 (E- and F-Blocks – Carlsbad, New Mexico BTA) in the broadband Personal Communications Service. This report is submitted pursuant to the requirements of Paragraph Nos. 89-91 of the Commission’s Report and Order (WT Docket No. 01-309) FCC 03-168, released August 14, 2003 (‘R&O’).

By way of background, the Filer is a small, Tier III Commercial Mobile Radio Service licensee, as defined in the Commission’s E-911 Order to Stay, FCC 02-210, released July 26, 2002. We have configured all four of our broadband PCS systems to provide a fixed and/or low mobility voice and data service using a UTStarcom PAS™ wireless access platform. Because we offer only one type of digital wireless handset for our UTStarcom system (the UTS-708j only), these networks qualify for the *de minimis* exception to the Hearing Aid Compatibility (“HAC”) rules, described in Rule Section 20.19 (e)(1). As a practical matter, to the extent that our customers utilize the UTStarcom fixed wireless equipment at their home or office, they are able to utilize traditional analog telephones and other devices which do not do not generally cause interference problems for hearing aid users.<sup>1</sup>

---

<sup>1</sup> See R&O at para. 6 (citing ANSI ASC C63 SC8 Comments at 10).

Should you have any questions concerning this report, please contact John Prendergast or Cary Mitchell of the law firm of Blooston, Mordkofsky, Dickens, Duffy & Prendergast. Either may be reached by calling (202) 659-0830.

Respectfully submitted,

**PVT WIRELESS LIMITED PARTNERSHIP**
