Dear Mr Martin:

I applaus you for letting other Telephone & Cable Companies giving people anothe choice and espocially servicecomptable to Insight here in Lexington, Ky.

In 1957, I with only apole climber, I installed the first TV Cable system in Salyersville, Ky. & in Ky. The system waa burned down at the Head End Unit. I sold and installed two more systems. I recieved only \$5.00 per month. Today they are outrageously charging us.

I appreciate the competetion for these Companies, which will cause them to work and earn their money

Again-Thanks

Sincerly yours

Paul E. Risner
