RE: Docket 07-42

Notice of Oral *Ex Parte* Presentation

Dear Ms. Dortch:

The purpose of this notice is to memorialize a telephone conversation among Chairman Martin, Commissioner Copps, Harold Feld of Media Access Project, and myself on November 27, 2007.

The Chairman and Commissioner Copps asked about alternative approaches for addressing cable leased access issues. Mr. Feld suggested that much of the content of the leased access item could be adopted by means of a policy statement without notice and comment. I suggested that the Commission might consider staying the effective date of any action it might take to facilitate the consideration of reconsideration petitions.

Respectfully submitted,

/s/

Andrew Jay Schwartzman

cc. Chairman Martin
Commissioner Copps
