COMMENTS

Shamrock Communications, Inc. (“Shamrock”), by its counsel and pursuant to the *Notice of Proposed Rule Making*, MB Docket No. 07-226, RM-11406, DA 07-4311, released on October 19, 2007 (“NPRM”) in this proceeding, hereby submits its comments in support of the allotment of new Channel 288A to Tecopa, California in order to maintain a first local service to Tecopa under Priority 3 of the FM allotment priorities.¹ As noted in the NPRM, the allotment of new Channel 288A to Tecopa, California is contingent upon the grant of an FCC 301 Auction 68 long form application for a new FM station Channel 291A at Tecopa, California (FCC File No. BNPB-20070226AER), which seeks a one-step upgrade from Channel 291A to Channel 290C1 and a change in the community of license from Tecopa, California to Amargosa Valley, Nevada (“Amargosa Valley Application”). In support thereof, the following is submitted:

Shamrock hereby incorporates its February 26, 2007 Petition for Rule Making in support of the proposed allotment. Shamrock also restates its intention to participate in the auction process for new Channel 288A at Tecopa, California if Channel 288A is allotted to Tecopa,

¹ The NPRM specified a due date for submission of comments in this proceeding of December 10, 2007. Accordingly, these comments are timely filed.

California. If Shamrock obtains the construction permit for a new FM station on Channel 288A at Tecopa, California, Shamrock will construct the station promptly when authorized.

WHEREFORE, for the reasons above, Channel 288A should be allotted to Tecopa, California as proposed in the NPRM.

Respectfully submitted,

SHAMROCK COMMUNICATIONS, INC.
