Dear FCC:

Exxon-Mobil, no problem, let's call them ESSO while were at it. What?, BIG OIL wants us to push COAL research instead of SOLAR? No problem. Thanks for the contributions OSAMA. wink wink Rupert Murdoch controlling all the media? No problem, wait, he is a FOREIGNER, no problem, we can fix that. Thanks for the contributions, Mr. Murdoch. wink wink Sirius and XM must either merge or one or both will be out of business soon. That the gov has drug its heels, and taken advise from COMPETITORS at the NAB on behalf of testicle RADIO is a sham! Grandpa Al Lewis said it best, "FUCK THE FCC!".

Sincerely,

Sean Beyer
