Dear Mr. Chairman and Commissioners:

On behalf of the Univision Communications television and radio stations, I am writing to express our concern over reports that the Commission may embark on a new regulatory path that could undermine our stations' ability to best serve their local communities. The Univision stations have long strived to work with their local community leaders to meet both the programming and non-programming needs of our local audiences, particularly the local Hispanic community. Based upon years of experience with our communities, we believe that a one-size-fits-all approach to community service is not effective.

We therefore urge you to exercise caution in imposing overly restrictive limits on broadcast stations' flexibility in serving their local communities.

Respectfully,

Christopher G. Wood
