***Re: Notice of Ex Parte Communication***  
*Skype Communications Petition, RM 11361; CTIA Petition for Declaratory Ruling, WT 05-194; and Intercarrier Roaming, WT Docket No. 05-265*

Dear Ms. Dortch:

This letter is to inform you that on December 19, 2007, Sprint Nextel Corporation (“Sprint Nextel”), through its representative, Charles W. McKee, met with Angela Giancarlo, legal advisor to Commissioner McDowell, to discuss various issues arising in the above referenced dockets.

Sprint Nextel discussed its announced plans to begin offering prorated early termination fees (“ETFs”) and modification of its contract extension policies, noting that these changes are a further demonstration that the competitive wireless market continues to produce positive results for consumers. Sprint Nextel also noted the benefits of ETFs in the form of lower cost handsets and services for consumers and the importance of this element to its rates and rate structure.

Sprint Nextel also discussed its announced participation in the Open Handset Alliance (“OHA”). Once again, Sprint Nextel noted that efforts such as the OHA are evidence of the success of the competitive market and demonstrate that regulation in this area is not necessary. Sprint Nextel continues to seek the dismissal of the Skype Petition for Declaratory Ruling as inappropriate in the highly competitive wireless market.

Finally, Sprint Nextel argued consistent with its Petition for Reconsideration in the Intercarrier Roaming docket that the FCC should modify its ruling regarding in-market roaming. If Sprint Nextel is required to offer roaming services to other carriers as a common carrier service, it is inappropriate for the Commission to exempt other carriers from offering roaming services to Sprint Nextel.

Pursuant to Section 1.1206 of the Commission's rules, this letter is being electronically filed with your office. Please let me know if you have any questions regarding this filing.

Respectfully submitted,

*/s/ Charles W. McKee*

Charles W. McKee
