

AT&T offers wireless phones and features for customers with disabilities and chronic health conditions.

- TTY-compatible phones
- Voice Dial Exemption Program
- Text messaging

Get free calling to 100 million AT&T home, business, and wireless phones when you subscribe to the AT&T UnitySM Plan.

It's the largest FREE calling community on the planet. Enjoy calls to and from AT&T phones without using your wireless plan minutes or incurring domestic long distance or roaming charges.

Plus, keep your unused minutes month to month with Rollover when you combine bills with your AT&T landline account.

AT&T Unity rate plans start at just \$59.99 per month* with Individual or FamilyTalk[®] plan options.

Find out more... online at www.wireless.att.com/unity or call 1-888-757-6500. Customers with disabilities can call 1-866-599-8690 for voice or 1-866-599-8914 for TTY assistance.

AT&T Tennessee offers wireless accessory products for customers with hearing loss. For more information, go to www.att.com/specialneeds, click on **Hearing** and type **Cellular** in the search window in the **Solutions Selection**.

*AT&T also imposes monthly a Regulatory Cost Recovery Charge of up to \$1.25 to help defray costs incurred in complying with State and Federal telecom regulation; State and Federal Universal Service charges; and surcharges for customer-based and revenue-based state and local assessments on AT&T. These are not taxes or government-required charges.

Other conditions and restrictions apply. See contract and rate plan brochure for details. Subscriber must live and have a mailing address within AT&T's owned wireless network coverage area. Up to \$36 activation fee applies. Equipment price and availability may vary by market and may not be available from independent retailers. **Early Termination Fee:** None if cancelled in the first 30 days; thereafter \$175. Some agents impose additional fees. **Unlimited voice services:** Unlimited voice services are provided solely for live dialog between two individuals. **Offnet Usage:** If your minutes of use (including unlimited services) on other carrier's networks ("offnet usage") during any two consecutive months exceeds your offnet usage allowance, AT&T may at its option terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime minutes included with your plan (data offnet usage allowance is the lesser of 6 megabytes or 20% of the kilobytes include with your plan). **AT&T UnitySM Wireless Plan Eligibility:** Must maintain qualifying AT&T services and combined AT&T and AT&T bill; qualifying AT&T unlimited local plan required; Specific unlimited local plans that qualify vary by location, see att.com/unitydetails or call 1-866-546-7160; Promotions, and discounts are not available with AT&T Unity wireless plans; Discounts on any other combined bill, AT&T plans will be lost if an AT&T Unity wireless plan is added to your combined bill; If an existing AT&T plan is upgraded to an AT&T Unity wireless plan, all accumulated Rollover minutes may be lost when subscribing to that plan. Required services are approx. \$110 or more per month. **AT&T Unity Wireless Minutes:** AT&T Unity Wireless Minutes may be used, subject to the provisions governing unlimited usage, when directly dialing or receiving calls from within your calling area from any other AT&T or eligible AT&T phone number; AT&T Unity Wireless Minutes may not be used for interconnection to other networks; Calls to AT&T Voicemail, return calls from Voicemail, and international calls not included; AT&T Unity Wireless Minutes are not included when checking usage for the current billing period.

Whenever you see TTY or TDD...

...on the pages of the AT&T directory, it indicates that the telephone numbers are accessible by Text Telephones. Text Telephones are special telephone equipment for customers with hearing or speech impairments.

AT&T Tennessee offers products and services for residential and business customers with visual, hearing, speech or physical disabilities. For more information, please refer to the Customer Guide section in your AT&T telephone directory or go to www.att.com/specialneeds.

BellSouth[®] CSC50 UltraClear Sound Shaping Telephone with Caller ID

Have you ever missed a call because you didn't hear the telephone ring? Or has someone you cared about not answered your call because they didn't hear the phone ring?

AT&T Tennessee has the telephone that not only will help you not miss a telephone call; it will change your life. The **UltraClear Sound Shaping Telephone** features a hard-to-miss 95dB ringer and strobe ring signaler, and 50dB amplification for louder and clearer conversations.

Are conversations sometimes difficult or awkward because only bits and pieces are understood?

The uniqueness of this telephone comes from the **UltraClear Sound Shaping Technology** which allows you to "shape" sound to match your hearing needs. **AT&T Tennessee** products not only meet specific hearing needs but they accommodate and complement everyday life without disrupting normal activity.

- Amplification adjustable up to 50dB
- Adjustable tone control to "shape" sound to match your hearing needs
- Caller ID / Call Waiting ID*
- Speakerphone
- Extra loud 95dB ringer and bright flashing ring strobe
- Amplified 2.5mm & 3.5mm headset jack
- Outgoing speech amplification
- Voice mail indicator
- Available in charcoal and off-white

* Must subscribe to Caller ID service.
