

There is a huge installed base of Amateur Radio Equipment, and millions of dollars of monetary investment by thousands of Amateur Radio Operators that use HF digital data systems with more than 1.5kHz bandwidths. This investment by FCC-licensed operators would be taken away or rendered useless if the objectives of the RM-11392 petition were to be adopted.

The FCC keeps taking and taking! It's time to stop taking Amateur Frequencies and modes of operation!

WAKE UP!!!!

QUIT LOOKING AT ONLY THE MONETARY VALUE!

The Amateur Radio Service continually keeps pulling Government Entities butts out of the fire! Quit kicking us in the face!
