

Hello, just voicing my opinion once again, before I turn in for tonight. I'm just imagining how great it is going to be to turn on the radio 1560 and leave it on without listening to birds and frogs at 5pm. Don't get me wrong, I truly enjoy hearing nature sounds, but preferably listening to the great outdoors with its Natural surroundings outside.

I truly enjoy and get really excited listening to all of the music and information that this station has to offer. And with God will, we will do what we can to help support the station, by such as, casting votes, letting people know about different situations or events, (I do that anyway), mailings, etc. just let me know what I can do to be of services to help the cause. (ps not so much in finance, but in other ways, I am available to help.)

Belinda

Sincerely,

Belinda J. Anderson
