In the 800 MHz Band)
)
City of Baltimore, Maryland, TAM 12054)

To: Chief, Public Safety and Homeland Security Bureau (filed electronically only)

ERRATUM TO PETITION FOR ADDITIONAL EXTENSION OF TIME

1. On January 15, 2008, the City of Baltimore, Maryland, requested an extension to April 30, 2008, of the current January 15, 2008, deadline for completion of planning and submission of its 800 MHz rebanding cost estimate to Sprint-Nextel.

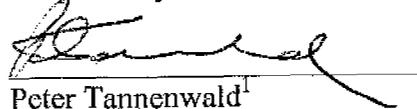

2. There was an inadvertent error in footnote 2, which stated: "That target was not met, as the implementation plan was delivered on December 21, 2007." The December 21 date should not have been mentioned, so the sentence should read: "That target was not met." As indicated in Attachment A to the Petition, Motorola has advised Baltimore City that "[t]he revised Proposal delivery date is January 28, 2008."

Fletcher, Heald & Hildreth, P.L.C.
