SDE - Technology Plan Status

Title	Final Approval Status	Review Status	Comment or Requests	Tech Coordinator Username	Created
Tech Plan Approvals	APPROVED	Technology Approval Letter Attached	NA	OTIWEB\jellis	1/30/2008 9:15 AM
Level 2 Complete	APPROVED	Level 2 Complete	Congratulations! The Level 2 E-Rate review is now complete.	OTIWEB\jellis	1/14/2008 4:10 PM
Level 2 review	NOT APPROVED	Level 2 Review (E-Rate)	Level 2 E-Rate review is in progress.	OTIWEB\jellis	1/14/2008 3:55 PM
Level 1 Approval missed Form	NOT APPROVED	Level 1 Complete	Level 1 approval was made on 11/28/2007. I forgot to complete the online form.	OTIWEB\jellis	12/11/2007 8:37 AM
More on Level 1	NOT APPROVED	Awaiting Level 1 Revisions	Need to revisit E-Rate Budget FY2007-2008. The Action Steps do not match up. This may have been a result of an earlier program error but that program error has been fixed (not allowing numbers over 500). Also we are concentrating on FY2008-2009 E-Rate in this tech plan. The FY2007-2008 is the current year and was included for aesthetics only.	OTIWEB\jellis	11/27/2007 10:14 AM
REQUIRED!!!!!!!!!!!!	NOT APPROVED	Awaiting Level 1 Revisions	Here are some Items I found during the initial review that you may want to address: • The Age of Computers indicate that there are only 136 machines in the school system (that meet the definition) but there are 414 computers systems reported in the other sections. These numbers should be about the same. • The specific objectives were not related to within the Action Steps. Please go back and complete that field for each action step. Each objective should have at least one action step related. • Do you not apply for E-Rate?	OTIWEB\jellis	10/10/2007 1:57 PM
Review Started - Action Needed	NOT APPROVED	Level 1 Review	Folder in my office and starting review. Jeff please add a LEA status of Submit Review. You actually include this in your notes of the Initial Write posting but there needs to be a Submit Review	OTIWEB\jellis	9/26/2007 8:42 AM

Quick Message:
