Re: Notice of Ex Parte Communication,
ET Docket Nos. 04-186, 02-380

Dear Ms. Dortch:

On February 7, 2008, Mr. David Donovan, president, and Mr. Bruce Franca, vice president for policy and technology, of the Association for Maximum Service Television ("MSTV"), met with Commissioner Michael Copps and his legal advisors Rick Chessen and Bruce Gottlieb, with regard to the above-captioned proceeding.

The discussion focused on the tests currently being conducted by OET along with MSTV's previously submitted proposals to help improve and provide for more thorough testing. We referenced two letters, previous submitted in this proceeding, outlining our testing proposals. We also presented the attached power point presentation, which summarizes the various devices that had been submitted for testing and highlights our concerns with the current test plan.

Respectfully submitted,

David Donovan
President
