Federal Communications Commission
Office of the Secretary

To Whom It May Concern:

I am writing this letter to urge the Federal Communications Commission not to further deregulate the media to the point where one news company could control all the media in one area, city, etc. The people of the United States must have a wide range of choices in regard to the media we are exposed to, and we will not tolerate a corrupt, money-hungry administration. Preserve our intellectual freedoms, and do the right thing by allowing the free exchange of ideas, not the free flow of money to would-be monopolous media corporations.

A Concerned Citizen,
Jeremy Brainard
