Statement of Compliance

Our company is in compliance with the FCC's CPNI rules because our company does not use CPNI in its marketing efforts, and does not permit the use of, or access to, customer CPNI by any third parties. We use, disclose or permit access to CPNI only for the purposes permitted under 47 U.S.C. Sections 222(c)(1) and (d).

No customer complaints were received in the preceding year for unauthorized release of CPNI.

No actions were taken against any data brokers in the preceding year.

Employees attended a workshop in December 2007 on the "FCC Latest Customer Propriety Network Information Requirements" and have implemented the new rules and regulations.

Letters were sent to all customers informing them of the additional safeguards implemented to protect the customers' information against unauthorized access and disclosure.
