

help us to protect our rights to free speech,what has happened to this country when porn is on prime time even when we dont want it,and censorship is all over christians and radio stations to be censored.you cant take God out of this country no matter how hard you try,you dont have the power or enough resources to ever accomplish it.cant we learn from the past.why is it that the hand full of people against anything,and the many for something is over looked and ignored.thoughts and prayers are with you all.remember as the marines say all for one and one for all,this is the majority feeling when it comes to free speech.please take all the nudity off of tv and all the language,then when you accomplish this huge problem,then find something else to work on like howard stern and all the other trash on the air waves that destroys are peoples minds.
