

Have been a resident of Brentwood Village, Live Oak Preserve, Tampa, FL for the past 4-5 years, and have had Century Communications as both my TV and Internet provider. It is not dependable and blacks out at the most inopportune times, and quite frequently, although oddly, not so frequently since this inquiry started. The choices of channels on the TV is very limited. Very POOR selection of Channels and very few in comparison to other offerings in the area. I can't afford to pay for a different provider of services as long as I have to pay for Century Florida. I am on fixed income, and DON'T HAVE A CHOICE!!
