Dear FCC:

It's time to sign off on this merger fourteen month for a decision is ridiculous. I believe somebody or somebodies are not doing their jobs. Senator Carper needs to update himself with this merger the shareholders have already approved this merger senator. The stalling for selfish political reasons has to stop. These two companies and we the consumer deserve an answer. Let's stop the stalling and approve this merger so we the consumer can reap the benifits.

Sincerely,

Ronald Strickler
