

As a citizen who enjoys the rights granted us in this united states,
it is of great concern that anyone would be willing to tread upon any type of hope offered by a radio
station who in whole relies on listener support and fervant prayer to our creator/saviour Christ Jesus.
Futhermore, it is my soul duty to protest against these proposterous ideas that one should find
something much more fulfilling, like a good book! LEAVE OUR RADIO STATION LIKE IT
REMAINS... OUT OF YOUR TOTAL CONTROL. THANK YOU
