Dear Sir/Madam:

Please be advised that Century Communications of FL, Inc. ("CENTURY") has applied to the FCC for an Open Video System Certification. Please be further advised that upon receipt of said certification, CENTURY intends to operate Open Video Systems in Orange County, Florida. We are serving you herewith a copy of CENTURY's certification application including FCC Form 1275.

Pursuant to 47 C.F.R. § 75.1502, you must file any comments or oppositions to CENTURY's certification application within five calendar days of the FCC's receipt of the certification, and you must serve copies of any comments or oppositions on CENTURY. If, after making the necessary calculations, the due date for filing comments falls on a holiday, comments shall be filed on the next business day before noon, unless the nearest business day precedes the fifth calendar day following a filing, in which case the comments will be due on the preceding business day. For example, if the fifth day falls on a Saturday, then the filing would be due on that preceding Friday. However, if the fifth day falls on Sunday, then the filing will be due on the next day, Monday, before noon (or Tuesday, before noon if the Monday is a holiday).

If you wish to respond to CENTURY's filing you must submit your comments or oppositions to the Office of the Secretary and the Bureau Chief, Media Bureau. Comments will not be considered properly filed unless filed with both of these Offices. You are required to attach a cover sheet to the filing indicating that the submission is a pleading related to an **open video system** application, the only wording on this cover sheet shall be "**Open Video System Certification Application Comments.**" This wording shall be located in the center of the page and should be in letters at least 1/2 inch in size.
