Re: Please include in the record for 07-51

To Whom It May Concern:

I have been told that the F.C.C. may change the way our private cable provider must do business. Some of my friends are doing business with a major cable company and they are not happy with their service.

Also, many of them pay more than we do for the same channel lineup with many of the premium stations. I live in a multiple dwelling unit.

Please don't do anything to change the rules in any way so that our company becomes less competitive.

Elaine Bliz
