Dear FCC:

I want answers to why this merger has not been approved. This is a disgrace if the FCC really cared about the consumer this merger would have been approved months ago. Chairman Martin needs to answer to alot of people why he's letting hidden agendas delay this merger. I want answer and I want them know. The FCC is hurting the consumer everyday they delay this merger. Chairman Martin ask his staff to draft documents for this merger a month ago and still no decision. I find this to be nothing more then stalling for hidden agendas and if so something needs to be done about this know. I expect action to be taken about this concerning and on going situation.

Sincerely,

Ronald Strickler
