

KLove has meant so much to my young family and I. It is a clean, encouraging, safe, and uplifting radio station to listen to. In todays world we all need a station we can go to that shares God's love and concern for us. On behalf of my wife and two young boys, please don't make it difficult for KLove or any other Christian radio stations to broadcast the good news of Christ's saving grace. Please make it eaisier for them to share because the benefits of this postitive and encouraging radio station far outweigh the monetary fees you may recieve. Thanks you....
