

Dear FCC,

I am only a high school student, a christian in a public school. And being in this world, i get beat down on sometimes, but K-Love shines God's love, and brightens my day. I really enjoy it's positive music, and its pure message, not influenced by the world. Please do not take the christian radio stations freedom away. In America, we are supposed to have our freedom of speech aren't we? So why take the radio's freedom of speech away? We cause no harm, and a lot of people are influenced in the most positive ways by the christian radio. Again, please don't put these limits you wish to on K-love and so many other christian radio stations.

Thank You, and may God bless you, a worried teen
