Dear FCC:

Please allow us consumers the freedom of choice of a combined sat radio service.

Merger denial will result in a duopoly that will have to raise prices and reduce content...just to survive.

Stop trying to "protect" us from being taken advantage of a service that has to compete with free.....

I, like perhaps hundreds of thousands others, have put off buying a new car for over 6 months now....expecting, day after day after day that this common sense issue would be resolved.

Sincerely,

John Carella
