

Dear Federal Communications Commission.

I am petitioning to Save Christian Radio. This is what makes this country a beautiful place to live because we have Freedom of Speech. This nation was built under the belief of One God. We have taken God out of Public School and now take away our Radio, which gives us Relief, Hope and Peace in an environment that at times can be hostile. Please do not allow this!!

I want to know who has so much power to deny God, that has made their mission to take away God from this Country and Why have we allowed it. NO to restricting Gods Voice to be heard through Music!
