"Gentlemen , I would add that we are also hearing about how some Corporate Criminal Enterprises just like CONCAST are intentionally slowing down the access , bandwidth , and speed of those of us who are older and disabled and spend more time on - line and do more things on - line than Able Bodied Americans who have far more options as well as range of motion and vastly broader mobility , once again we are reduced to the status of Second or even Third Class Citizenship !! This is NOT Only Cruel , Unfair and Unusual Punishment this is also HIGHLY DISCRIMINATORY and ILLEGAL and borders on Abuse and Torture leaving many of us in Shock and Awe !! We have also heard how some search terms like "Abortiom" have been ILLEGALLY and INTENTIONALLY BLOCKED !! This mendacious and pernicious practice raises The Most SERIOUS OF CONSTITUTIONAL ISSUES !! Corporate Crooks , Liars , and Thieves should never be permitted to wantonly and willfully Violate Our Constitution , Our Freedoms , Our Rights , and Our Liberties !! With the trampling of so many of my, and my fellow Americans' rights over the past seven years, this last bastion of freedom, untainted and as of this moment still uncontrolled by "big business" MUST remain free. My God ... something needs to remain of the original intentions of our Founding Fathers that is untouched by greed and avarice."

"I am a taxpayer. We paid for the internet to begin with. It was not designed to be privatized and sold off to AT&T, Verizon, Comcast, and Time Warner. I object to the demolition of a democratic internet in favor of these narrow interests. I am a professional researcher. I rely on the internet every day to do my job well. If cable companies are allowed to "manage" the passage of content through the internet, many valuable sources will be lost amidst the "noise" of large commercial concerns.
