

First let me start off by saying how much our family **DEPENDS** on Christian radio stations like KLOVE & Air1 to provide good clean entertainment that our whole family can listen to. If you haven't noticed, the U.S. is going downhill, people are losing jobs at an alarming rate, my husband is one of those people, needless to say money is extremely tight in most homes. Christian radio stations run solely on listener support and unfortunately those stations have not been bringing in the money they need during their pledge drives to run their stations at full capacity so by forcing them to have more staffing is only going to succeed in forcing them to close their stations down. I think you at the FCC underestimate just how many Christians are out here and how upset we will be if that happens. I will tell you right now, if that happens we will just turn to our iPods which are filled with Christian music instead, unless you find a way to take that away from us too! I am sick and tired of the government trying to tell me what I can and can't do in my own home. If I choose to listen to Christian radio why do you care? It isn't like we are plotting against the government or anything. We just want our kids to listen to clean swear free music, not be subjected to the nasty music that is on the secular radio stations, isn't that supposed to be **MY FREEDOM? TO CHOOSE WHAT I WANT TO LISTEN TO?**
