

Please do not make the proposed rule changes. I listen to Air1 and Christian radio (at home and on the computer) and that is all - no other radio stations. Having a Christian radio station is such a blessing in a world that puts me down. Why would measures be put in place that ultimately harm? No one is forcing others to listen so if they don't agree, they don't have to tune in. Just please please please don't do anything to adversely effect my radio stations. If anything the stations I listen to provide food for the hunger, clothes to the cold, shelter for those lacking, hope for those with despair, joy for the sad, and positive influences in a world that beats you down.
